

2024 Crash Course

HunterPrep hosts a yearly crash course for Hunter exam preparation. Your student will gain a fundamental understanding of all Hunter exam topics and learn essential test-taking strategies.

Who are the instructors?

Our **head instructor** is Alan Han, a distinguished graduate of Hunter and current undergraduate at UPenn. Alan led HunterPrep's group courses for the past three years and has had a stellar track record as a private tutor for HunterPrep. He also has prior experience working with middle school students as a member of the Cornell Cooperative Extension. He is looking forward to meeting his new students!

Our **essay evaluators** are a group of Hunter alumni who are well-seasoned writers. Many of our essay graders have been recognized with Scholastic Writing Awards for their expositions. They are current students at UPenn, Cornell, BC, Macalester, and other top liberal arts colleges.

Full schedule:

Sun, Jan 14, 5pm-8pm	Intro + Practice Exam #1*
